Please note that the table above represents only an extract of our products released for z/OS with the focus on products with operating system interfaces. Versions of products which have reached end of maintenance have been deleted from the table above.

The Products Center of Software AG's **Empower** provides more detailed information about the availability of product versions on operating systems, end of product support, release of new products and their versioning number, retirement of operating system versions.

Corrections Required

Zap AO854020 for Adabas 8.5.4

System abend 18A with reason code xx0901xx or xx0902xx might occur in ADASVC with **z/OS 3.1**, if the caller is running with zIIP enabled, i.e. either with ADARUN ZIIP=YES or with Natural for zIIP enabled.

Please use Software AG's Empower or contact Customer Support to obtain corrections for Software AG products.
Please contact IBM to obtain IBM corrections.

Document history

Date	What has changed?
2024-03-01	Missing entries for Natural for zIIP and Natural for Db2 for zIIP added.
2023-11-15	Missing entry for Com-plete 6.8.2 on z/OS 3.1 added.
